*4 whs*  
*(4-5 mos.)*

2. Exchanges in which I/GM has a direct interest, but which deals with a subject for which another component has primary responsibility

- ✓ a. Computer Exchange
- ✓ b. Electronics Exchange
- c. Telemetering Equipment Exchange → *AD*
- d. High Energy Fuels Exchange
- e. Chemicals Exchange
- f. Non-Ferrous Metallurgy Exchange
- ✓ g. High-temperature Alloys Exchange
- ✓ h. Railroad Car Manufacturing Industry

3. I/GM is interested in the following only from the point of view that their itineraries might be arranged to include geographical areas in which we have targets. (We have no means of assessing at this time the feasibility of such exchanges from other aspects.)

- a. Archeology
- b. Ethnology
- c. Salmon Fisheries
